

Your goodnightkiss

A: Find your justice
Heal your guilt with your silver tears
After I'm gone
Let your love cross the floor
After you've locked the door

Bridge ½: Times running out

A2: Silence with you
Beast and beauty
won their love in the moment of last breath

Bridge: but times running out
and I will pray

B: That your goodnightkiss
Will stay on my lips
In the wind, in the rain, in the hard times
In the nighttimes
Where your love is no more near,
It's amazing
That this attraction
Won't go away
Though we both know we won't be
We just can't be
But the love you someday give

A3: Someone else is precious
How I've wished
That our hearts were forever connected

Bridge but times running out
And I will pray

B: That my goodnightkiss...
...but the love you someday give

Outro: someone else, was so precious to me
