

To be missed

A1: First day ends
and second day is bound to fall
fall through the glory
of being kind and truthful to the world

Bridge: and as you live your life alone
You've been missed

A2: Find your way
find your own secret place
where every flower
keeps you warm and gratefull

Bridge: Why should we live our lifes alone

B: //:To be missed
To be missed://

A3: Find your way
find your own secret place
but always remember
don't forsake those you fond

Bridge: Cause as you live your life alone

//:You've been missed
You've been missed://

C: no one knows how the story will end
Can't you see me through
and melt this pain away
can't you see
I want to share my life with you
to be loved
just to be missed
