lost in confusion we closed doors
and we closed our eyes
- Bridge 1) But I'm singing you a song
while you're sleeping
holding your hand
while you're dreaming
if my heart doesn't fail...
- B1) You're like a wave
you're running through my veins
don't mistake
these words I'm singing
- A2) Tell me am I right
when I say we chose the sad rhyme
lost in confusion we closed doors
and forgot our names
- Bridge 2) I appreciate your courage to love me
knowing your heart might have been lonely
but everything inside me still says
- B2) //:You're like a wave
you're running through my veins
don't mistake these words I'm singing://
- ridge 3) I appreciate your courage to love me
knowing your heart might have been lonely
and if my heart doesn't fail....
- C) //:We search the starts above
but too easily we mistake the love in our hearts
in loving don't deny
that state of mind creates adventures
and gives positive intentions
this is a lesson in life://
